

WELCOME !!

Dear new resident of Stevensweert.

On behalf of the village council and the group Welcome to Stevensweert, we wish you a warm welcome to our beautiful village.

And we suspect that you chose our village for a reason.

We do this by offering you this welcome envelope containing a wonderful overview of our historic village with important topics.

You can think of: the museum, the fortifications, both historic churches, restaurants, the one and only village shop Maison Yvonne, the miniature golf course, the Hompesche mill etc.

From our village you can make beautiful walking and cycling trips (junction routes)

Stevensweert also offers numerous possibilities for water recreation with a summer and winter harbour.

In our village there is a primary school de Maasparel, there is a nursery and a playgroup.

Children can take music lessons and many other activities. In addition, there are numerous associations and sports clubs, for young and old, that are happy to welcome you as a member.

Many independent entrepreneurs live in Stevensweert.

What else our village has to offer, you can read or taste for yourself. From a number of occasions you will find a surprise.

You will find all this in our welcome envelope

If you have any questions, please contact Mr. , chairman of the Stevensweert village council or chairman of the group Welcome to Stevensweert via info @dorpsraadstevensweert.nl

See you in the village!
